Course Catalogue of Bachelor Programs

Hinweis: Folgender Katalog ist nur informativ, damit Sie eine allgemeine Übersicht unserer Kurse und der Struktur der Studiengänge haben. Der Name der Kurse ändert sich jedes Semester, deswegen ist diese Information auf unsere Webseite erst Ende September (für Wintersemester) und Ende März (für Sommersemester) verfügbar.

Note: The following catalogue is for information purposes only, to give you a general overview of the structure of our study courses. The names of the course offer change every semester; therefore, this information is only available on our website shortly before the semester begins, end of September (for autumn /winter term) and end of March (for spring /summer term).

Course Catalogue

Industrial Design, Ceramic – Glass Design, and Playing and Learning Design programs

The offer for exchange students only from the fifth semester onwards.

Semester 1

Subject	ECTS
Lecture series: Industrial Design emphasis / presentation of the subject areas	1
Subject Task 1 (Industrial Design or Ceramic Glass or Playing and Learning Design)	3
Subject Task 2 (Industrial Design or Ceramic Glass or Playing and Learning Design)	3
Basic Module: 2 D	10
Basic Module: 3 D	7
Basic Module: Process	4
Basic Module: Art, Design and Architecture History	1
Basic Module: Psychology of Design	1
	30

Semester 2

Subject	ECTS
Lecture series: Industrial Design emphasis / presentation of the subject areas	1
Subject Task 3 (Industrial Design or Ceramic Glass or Playing and Learning Design)	3
Subject Task 4 (Industrial Design or Ceramic Glass or Playing and Learning Design)	3
Basic Module: 2 D	10
Basic Module: 3 D	7
Basic Module: Process	4
Basic Module: Art, Design and Architecture History	2
Basic Module: Psychology of Design	2
	32

Semester 3

Subject	ECTS
Methodical Design Exercise 1 (Industrial Design or Ceramic Glass or Playing and Learning Design)	12
Workshop	2
Compulsory and Elective Subjects (2 ECTS respectively. Choose **five subjects** among the following offer): - Types in design process /modelling techniques - Model making basics plaster - Workshop Fundamentals of Model, Mould and Fixture Making - CAD I (software course, basic course) - CAD II (software course, advanced course) - Visualisation/Animation (software course, advanced course) - Extra Activity (1 ECTS, can be taken more than once) - Type Photography - Video Editing **Elective Subjects** - Intermediate Module: 2D - Intermediate Module: 3D - Intermediate Module: Process	10
Compulsory and elective subjects (2 ECTS respectively. Choose **a subject** among the following offer): - Ergonomics - Ergonomics special topics - System Design - Design Processes - Sustainability - Material /Technology - Construction/Statics Only for Playing and Learning Design: Scientific foundations of play and learning Only for Ceramic and Glass Design: - Fundamentals of Ceramic Technology - Technology of Fine Ceramics - Introduction to glass technology - Design History 1 related to the field - Introduction to modern shaping/finishing technologies - Design History 2 related to the field (drawing seminar, museum internship)	2
Basic Module: Design Theory	1
Basic Module: Philosophy	1
Intermediate Module (2 ECTS respectively. Choose among the following offer): - Art, Design and Architecture History - Psychology of Design	2
	30

Semester 4

Subject	ECTS
Methodical Design Exercise 2 (Industrial Design or Ceramic Glass or Playing and Learning Design)	12
Workshop	2
Compulsory and elective subjects (2 ECTS respectively. Choose **four subjects** among the following offer): - Types in Design Process /Modelling Techniques - Model making basics plaster - Workshop Fundamentals of Model, Mould and Fixture Making - CAD I (software course, basic course) - CAD II (software course, advanced course) - Visualisation/Animation (software course, advanced course) - Extra Activity (1 ECTS, can be taken more than once) - Type Photography - Video Editing	8
Compulsory and elective subjects (2 ECTS respectively. Choose **a subject** among the following offer): - Ergonomics - Ergonomics special topics - System Design - Design Processes - Sustainability - Material /Technology - Construction/Statics Only for Playing and Learning Design: Scientific foundations of play and learning Only for Ceramic and Glass Design: - Surfaces, Structure, Relief - Fundamentals of Ceramic Technology - Technology of Fine Ceramics - Introduction to glass technology - Design History 1 related to the field - Introduction to modern shaping/finishing technologies - Design History 2 related to the field (drawing seminar, museum internship)	2
Basic Module: Design Theory	2
Basic Module: Philosophy	2
Intermediate Module (2 ECTS respectively. Choose among the following offer): - Art, Design and Architecture History - Psychology of Design	2
	30

Semester 5

Subject	ECTS
Main Project 1 (Industrial Design or Ceramic Glass or Playing and Learning Design)	20
Compulsory and elective subjects (2 ECTS respectively. Choose **three subject** among the following offer):	7

Subject	ECTS
- Ergonomics - Ergonomics special topics - System Design - Design Processes - Sustainability - Material /Technology - Construction/Statics - Extra Activity (1 ECTS) Only for Playing and Learning Design: Scientific foundations of play and learning Only for Ceramic and Glass Design: - Fundamentals of Ceramic Technology - Technology of Fine Ceramics - Introduction to glass technology - Design History 1 related to the field - Introduction to modern shaping/finishing technologies - Design History 2 related to the field (drawing seminar, museum internship)	
Basic Module: Aesthetics	1
Intermediate Module (2 ECTS respectively. Choose among the following offer): - Art, Design and Architecture History - Psychology of Design - Design Theory	2
	30

Semester 6

Subject	ECTS
Main Project 2 (Industrial Design or Ceramic Glass or Playing and Learning Design)	20
Compulsory and elective subjects (2 ECTS respectively. Choose **a subject** among the following offer): - Ergonomics - Ergonomics special topics - System Design - Design Processes - Sustainability - Material /Technology - Construction/Statics Only for Playing and Learning Design: Scientific foundations of play and learning Only for Ceramic and Glass Design: - Fundamentals of Ceramic Technology - Technology of Fine Ceramics - Introduction to glass technology - Design History 1 related to the field - Introduction to modern shaping/finishing technologies - Design History 2 related to the field (drawing seminar, museum internship)	2
Compulsory and elective subjects (2 ECTS respectively. Choose **two subjects** among the following offer): - Contract Copyright / Media Law - Design Management / Marketing - Setting up business / Business management	3

Subject	ECTS
- Planning Management 1 - Planning Management 2 - Project planning, calculation of digital products - Extra Activity (1 ECTS)	
Basic Module: Aesthetics	2
AG X (only for fulltime student)	3
	30

Semester 7

Subject	ECTS
Main Project 3 (Industrial Design or Ceramic Glass or Playing and Learning Design)	20
Compulsory and elective subjects (2 ECTS respectively. Choose **a subject** among the following offer): - Ergonomics - Ergonomics special topics - System Design - Design Processes - Sustainability - Material /Technology - Construction/Statics Only for Playing and Learning Design: Scientific foundations of play and learning Only for Ceramic and Glass Design: - Fundamentals of Ceramic Technology - Technology of Fine Ceramics - Introduction to glass technology - Design History 1 related to the field - Introduction to modern shaping/finishing technologies - Design History 2 related to the field (drawing seminar, museum internship)	2
Compulsory and elective subjects (2 ECTS respectively. Choose **one or two subjects** among the following offer): - Contract Copyright / Media Law - Design Management / Marketing - Setting up business / Business management - Planning Management 1 - Planning Management 2 - Project planning, calculation of digital products	2 or 4
Advanced Module (2 ECTS respectively. Choose **one or two subjects** among the following offer): - Art, Design and Architecture History - Psychology of Design - Design Theory	2 or 4
	28

Semester 8

Subject	ECTS
Main Project 4 (Industrial Design or Ceramic Glass or Playing and Learning Design)	20
Portfolio	4
Bachelor Thesis	6
	30

Course Catalogue

Interior Architecture

The offer for exchange students only from the fifth semester onwards.

Semester 1

Subject	ECTS
Design Basics and Furniture Construction 1	2
Space Function Theory 1	2
Structural Drawing and Descriptive Geometry	3
Basic Module: 2 D	10
Basic Module: 3 D	7
Basic Module: Process	4
Basic Module: Art, Design and Architecture History	1
Basic Module: Psychology of Design	1
	30

Semester 2

Subject	ECTS
Design Basics 1	2
Interior Design 1	2
Structural Drawing and Descriptive Geometry	3
Basic Module: 2 D	10
Basic Module: 3 D	7
Basic Module: Process	4
Basic Module: Art, Design and Architecture History	2
Basic Module: Psychology of Design	2
	32

Semester 3

Subject	ECTS
Design Basics 2 and Analytical Drawing	6
Interior Design 2 and Repertoire Image	4
Perspective for Interior Architecture	2
Building Construction	2
Building Physics 1 and Thermal Insulation	2
Building Services	2
Statics	2
Basic Module: Design Theory	1
Basic Module: Philosophy	1
Intermediate Module (choose among the following offer): - Art, Design and Architecture History - Psychology of Design	2
Compulsory and Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Intermediate Module: 2D - Intermediate Module: 3D - Intermediate Module: Process - Introduction CAD (**1 ECTS**) - Free Hand Drawing (**1 ECTS**)	6
	30

Semester 4

Subject	ECTS
Design Basics and Furniture Construction 2	6
Space Function Theory 2 and Ergonomics	4
Rendering Technique	2
Building Construction	2
Building Physics 2 and Materials science/Acoustics	2
Building Services	2
Architecture and Model Photography	2
Basic Module: Design Theory	2
Basic Module: Philosophy	2
Intermedia Module (choose between the following offer): - Art, Design and Architecture History - Psychology of Design	2
Compulsory and Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Advanced CAD (Vector Works) - Special Chapter of Interior Architecture - Intermediate Module: 2D - Intermediate Module: 3D - Intermediate Module: Process - Introduction CAD (**1 ECTS**)	4

Subject	ECTS
- Free Hand Drawing (**1 ECTS**)	
	30

Semester 5

Subject	ECTS
Main Project 1	20
Building Measurement	2
Basic Module: Aesthetics	1
Intermedia Module (choose between the following offer): - Art, Design and Architecture History - Psychology of Design - Design Theory	2
Compulsory subjects (choose subject between the following offer): - Contract Copyright / Media Law - Planning Management 1	2
Compulsory and Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Intermediate Module: 2D - Intermediate Module: 3D - Intermediate Module: Process - Introduction CAD (**1 ECTS**) - Free Hand Drawing (**1 ECTS**) - Special Chapter CAD (**1 ECTS**)	2
	29

Semester 6

Subject	ECTS
Main Project 2	20
Lighting Design	1
Aspects of sustainability in construction/building materials	1
Basic Module: Aesthetics	2
Intermedia Module (choose between the following offer): - Art, Design and Architecture History - Psychology of Design - Design Theory	2
Compulsory subjects (choose subject between the following offer): - Contract Copyright / Media Law - Planning Management 1	2
Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Design Management / Marketing - Setting up business / Business management - Planning Management 2 - Project planning, calculation of digital products	2
	30

Semester 7

Subject	ECTS
Main Project 3	20
Compulsory and Elective subjects (2 ECTS respectively. Choose **one subject** among the following offer): - Advanced CAD (Vector Works) - Special Chapter of Interior Architecture	2
Compulsory subjects AG X (only for fulltime student)	3
Advanced Module (choose between the following offer): - Art, Design and Architecture History - Psychology of Design - Design Theory	2
Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Design Management / Marketing - Setting up business / Business management - Planning Management 2 - Project planning, calculation of digital products	2
	29

Semester 8

Subject	ECTS
Main Project 4	20
Portfolio	4
Bachelor Thesis	6
	30

Course Catalogue

Communication Design

The offer for exchange students only from the fifth semester onwards.

Semester 1

Subject	ECTS
Fundamentals of visual Design 1	4
Fundamentals of interactive Media	4
Basic Module: 2 D	10
Basic Module: 3 D	7
Basic Module: Process	4

Subject	ECTS
Basic Module: Art, Design and Architecture History	1
Basic Module: Psychology of Design	1
	31

Semester 2

Subject	ECTS
Photography 1	4
Fundamentals of Typography Communication Design 1	4
Basic Module: 2 D	10
Basic Module: 3 D	7
Basic Module: Process	4
Basic Module: Art, Design and Architecture History	2
Basic Module: Psychology of Design	2
	33

Semester 3

Subject	ECTS
Fundamentals of visual Design 2	3
Photography 2	3
Writing Communication Design 1	3
Typography Communication Design 2	3
Graphics / Illustration 1	3
Interactive Media 1	3
Introduction in the manual printing techniques (Workshops)	1
Basic Module: Design Theory	1
Basic Module: Philosophy	1
Intermedia Module (choose between the following offer): - Art, Design and Architecture History - Psychology of Design	2
Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Perception, Communication competence - Hot metal typesetting - Calligraphy - Screen printing - Interactive media / Animation - Free project - Digital and Offset printing - Intermediate Module: 2D - Intermediate Module: 3D - Intermediate Module: Process	4
	27

Semester 4

Subject	ECTS
Fundamentals of visual Design 2	3
Photography 2	3
Writing Communication Design 2	3
Typography Communication Design 3	3
Graphics / Illustration 2	3
Interactive Media 2	3
Introduction in the manual printing techniques (Workshops)	1
Basic Module: Design Theory	2
Basic Module: Philosophy	2
Intermedia Module (choose between the following offer): - Art, Design and Architecture History - Psychology of Design	2
Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Perception, Communication competence - Hot metal typesetting - Calligraphy - Screen printing - Interactive media / Animation - Free project - Digital and Offset printing - Intermediate Module: 2D - Intermediate Module: 3D - Intermediate Module: Process	4
	29

Semester 5

Subject	ECTS
Main Project 1	20
Language and Text	2
Basic Module: Aesthetics	1
Intermedia Module (choose between the following offer): - Art, Design and Architecture History - Psychology of Design - Design Theory	2
Compulsory subjects AG X (only for fulltime student)	3
	28

Semester 6

Subject	ECTS
Main Project 2	20
Compulsory and Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Photography 3 - Typography Communication Design 4 (Experimental) - Perception, Communication competence - Hot metal typesetting - Calligraphy - Screen printing - Interactive media / Animation - Free project - Digital and Offset printing - Manual Printing Techniques (Workshops) - Intermediate Module: 2D - Intermediate Module: 3D - Intermediate Module: Process	8
Basic Module: Aesthetics	2
Compulsory and Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Contract Copyright / Media Law - Design Management / Marketing - Setting up business / Business management - Planning Management 1 - Planning Management 2 - Project planning, calculation of digital products	2
	32

Semester 7

Subject	ECTS
Main Project 3	20
Compulsory and Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Photography 3 - Typography Communication Design 4 (Experimental) - Perception, Communication competence - Hot metal typesetting - Calligraphy - Screen printing - Interactive media / Animation - Free project - Digital and Offset printing - Manual Printing Techniques (Workshops) - Intermediate Module: 2D - Intermediate Module: 3D	8

Subject	ECTS
- Intermediate Module: Process	
Compulsory and Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Contract Copyright / Media Law - Design Management / Marketing - Setting up business / Business management - Planning Management 1 - Planning Management 2 - Project planning, calculation of digital products	2
	30

Semester 8

Subject	ECTS
Main Project 4	20
Portfolio	4
Bachelor Thesis	6
	30

Course Catalogue

Multimedia Virtual Realty Design

The offer for exchange students only from the fifth semester onwards.

Semester 1

Subject	ECTS
Fundamentals of Communication	4
Fundamentals of Computer Graphics 3D	4
Basic Module: 2 D	10
Basic Module: 3 D	7
Basic Module: Process	4
Basic Module: Art, Design and Architecture History	1
Basic Module: Psychology of Design	1
	31

Semester 2

Subject	ECTS
Fundamentals of Animation 2D	4
Fundamentals of Creative Coding	4
Basic Module: 2 D	10
Basic Module: 3 D	7
Basic Module: Process	4
Basic Module: Art, Design and Architecture History	2

Subject	ECTS
Basic Module: Psychology of Design	2
	33

Semester 3

Subject	ECTS
Fundamentals of Game Design	10
Fundamentals of Motion Design	10
Basic Module: Design Theory	1
Basic Module: Philosophy	1
Intermedia Module (choose between the following offer): - Art, Design and Architecture History - Psychology of Design	2
Methods of Presentation	2
Compulsory and Elective subjects (2 or 3 ECTS respectively. Choose **subjects** among the following offer): - Media Technology - Multimedia Application - Computer Animation - Computer Graphics 3D - Virtual Reality - Tutoring	
Compulsory and Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Workshop (1 or 2 ECTS) - Technical Guidance (1 ECTS) - Technical Communication English - Contract Copyright / Media Law - Design Management / Marketing - Setting up business / Business management	
	29

Semester 4

Subject	ECTS
Fundamentals of Data Visualization	10
Fundamentals of Interactive Setting 3D	10
Compulsory and Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Workshop (1 or 2 ECTS) - Technical Guidance (1 ECTS) - Technical Communication English - Contract Copyright / Media Law - Design Management / Marketing - Setting up business / Business management	2
Basic Module: Design Theory	2

Subject	ECTS
Basic Module: Philosophy	2
Compulsory and Elective subjects (2 or 3 ECTS respectively. Choose **subjects** among the following offer): - Media Technology - Multimedia Application - Computer Animation - Computer Graphics 3D - Virtual Reality - Tutoring	
	28

Semester 5

Subject	ECTS
Main Project 1	20
Compulsory and Elective subjects (2 or 3 ECTS respectively. Choose **subjects** among the following offer): - Media Technology - Multimedia Application - Computer Animation - Computer Graphics 3D - Virtual Reality - Tutoring	5
Compulsory and Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Workshop (1 or 2 ECTS) - Technical Guidance (1 ECTS) - Technical Communication English	1
Basic Module: Aesthetic	1
Intermedia Module (choose between the following offer): - Art, Design and Architecture History - Psychology of Design - Theory of Design	2
	29

Semester 6

Subject	ECTS
Main Project 2	20
Compulsory and Elective subjects (2 or 3 ECTS respectively. Choose **subjects** among the following offer): - Media Technology - Multimedia Application - Computer Animation - Computer Graphics 3D - Virtual Reality	5

Subject	ECTS
- Tutoring	
Compulsory and Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Technical Guidance (1 ECTS) - Technical Communication English - Contract Copyright / Media Law - Design Management / Marketing - Setting up business / Business management	1
Basic Module: Aesthetic	2
Intermedia Module (choose between the following offer): - Art, Design and Architecture History - Psychology of Design - Theory of Design	2
	30

Semester 7

Subject	ECTS
Main Project 3	20
Multimedia Virtual Reality Series of Lectures	1
Compulsory and Elective subjects (2 or 3 ECTS respectively. Choose **subjects** among the following offer): - Media Technology - Multimedia Application - Computer Animation - Computer Graphics 3D - Virtual Reality - Tutoring	5
Compulsory and Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - workshop (1 or 2 ECTS) - Technical Guidance (1 ECTS) - Technical Communication English	2
Project Planning, Calculation of Digital Products	2
	30

Semester 8

Subject	ECTS
Main Project 4	20
Portfolio	4
Bachelor Thesis	6
	30

Course Catalogue

Fashion Design

The offer for exchange students only from the fifth semester onwards.

Semester 1

Subject	ECTS
Pattern design and textile screen printing	4
Experimental Draping	2
Fundamentals of Technologies – Dyeing, Embroidery	2
Basic Module: 2 D	10
Basic Module: 3 D	7
Basic Module: Process	4
Basic Module: Art, Design and Architecture History	1
Basic Module: Psychology of Design	1
	31

Semester 2

Subject	ECTS
Experimental Design	2
Experimental Cutting	2
Fundamentals of Technologies – Dyeing, Embroidery	2
Fashion Illustration	2
Basic Module: 2 D	10
Basic Module: 3 D	7
Basic Module: Process	4
Basic Module: Art, Design and Architecture History	2
Basic Module: Psychology of Design	2
	33

Semester 3

Subject	ECTS
Fundamentals of Design 1	12
Figure Drawing	2
Fundamentals of pattern construction	3
Theory and History of Fashion	3
Basic Module: Theory of Design	1
Basic Module: Philosophy	1
Intermedia Module: Art, Design and Architecture History	2
Elective subjects (Choose **subjects** among the following offer): - Workshop (2 ECTS) - History of Textile 1 (2 ECTS) - History of Textile 2 (4 ECTS)	4

Subject	ECTS
- Materials Science (4 ECTS)	
- Knitwear Technology (4ECTS)	
	28

Semester 4

Subject	ECTS
Fundamentals of Design 2	12
Figure Drawing	2
Fundamentals of pattern construction	3
Theory and History of Fashion	3
Complimentary screen printing	2
Basic Module: Theory of Design	2
Basic Module: Philosophy	2
Intermedia Module: Psychology of Design	2
Elective subjects (Choose **subjects** among the following offer): - Workshop (2 ECTS) - History of Textile 1 (2 ECTS) - History of Textile 2 (4 ECTS) - Materials Science (4 ECTS) - Knitwear Technology (4ECTS)	2
	30

Semester 5

Subject	ECTS
Main Project 1 and pattern construction 1	20
Figure Drawing	2
Basic Module: Aesthetic	1
Intermedia Module: Theory of Design	2
Elective subjects (Choose **subjects** among the following offer): - Workshop (2 ECTS) - History of Textile 1 (2 ECTS) - History of Textile 2 (4 ECTS) - Materials Science (4 ECTS) - Knitwear Technology (4ECTS)	3
	28

Semester 6

Subject	ECTS
Main Project 2 and pattern construction 2	20
Figure Drawing	2
Fundamentals of Fashion Photography	2

	2
Draping course	2
Basic Module: Aesthetic	2
Elective subjects (Choose **subjects** among the following offer): - Workshop (2 ECTS) - History of Textile 1 (2 ECTS) - History of Textile 2 (4 ECTS) - Materials Science (4 ECTS) - Knitwear Technology (4ECTS)	2
	30

Semester 7

Subject	ECTS
Main Project 3 and pattern construction 3	20
Fashion Photography	2
Technical drawing	2
Basic Module: Aesthetic	2
Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Workshop - History of Textile 1 - History of Textile 2 (4 ECTS) - Materials Science (4 ECTS) - Knitwear Technology (4ECTS) - Contract Copyright / Media Law - Design Management / Marketing - Setting up business / Business management	4
	30

Semester 8

Subject	ECTS
Main Project 4	20
Portfolio	4
Bachelor Thesis	6
	30

Course Catalogue

Textile Design

The offer for exchange students only from the fifth semester onwards.

Semester 1

Subject	ECTS
Pattern design and textile screen printing	4
Fundamentals in Web Technology	2
Fundamentals of Technologies – Dyeing, Knit, Embroidery	2
Basic Module: 2 D	10
Basic Module: 3 D	7
Basic Module: Process	4
Basic Module: Art, Design and Architecture History	1
Basic Module: Psychology of Design	1
	31

Semester 2

Subject	ECTS
Complex Textile Technique and Design	2
Experimental Design	2
Fundamentals of Technologies – Dyeing, Knit, Embroidery	4
Basic Module: 2 D	10
Basic Module: 3 D	7
Basic Module: Process	4
Basic Module: Art, Design and Architecture History	2
Basic Module: Psychology of Design	2
	33

Semester 3

Subject	ECTS
Fundamentals of Design 1 (incl. Knit)	12
Materials Science (incl. Sustainability)	2
Figure Drawing	2
History of Textile 1	1
Textile Photography and Video	2
Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Figure Drawing - Workshop - Fashion Theory	5
Basic Module: Theory of Design	1
Basic Module: Philosophy	1

Subject	ECTS
Intermedia Module: Art, Design and Architecture History	2
	28

Semester 4

Subject	ECTS
Fundamentals of Design 2 (incl. Knit)	12
Fundamentals of Patter Repeat – analogue and digital (Photoshop)	2
Materials Science (incl. Sustainability)	2
Figure Drawing	2
History of Textile 1	1
Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Figure Drawing - Workshop - Fashion Theory - Intermedia Modul 2D - Intermedia Modul 3D - Intermedia Modul Prozess	6
Basic Module: Theory of Design	2
Basic Module: Philosophy	2
Intermedia Module: Psychology of Design	2
	31

Semester 5

Subject	ECTS
Main Project 1 (incl. Jacquard)	20
History of Textile 2	2
Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Figure Drawing - Workshop - Fashion Theory - Intermedia Modul 2D - Intermedia Modul 3D - Intermedia Modul Prozess	4
Basic Module: Aesthetics	1
Intermedia Module: Theory of Design	2
	29

Semester 6

Subject	ECTS
Main Project 2 (incl. Jacquard)	20
Smart Technologies	2

Subject	ECTS
History of Textile 2	2
Collaborative Textile Photography	2
Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Figure Drawing - Workshop - Fashion Theory - Intermedia Modul 2D - Intermedia Modul 3D - Intermedia Modul Prozess	4
Basic Module: Aesthetics	2
	32

Semester 7

Subject	ECTS
Main Project 3	20
Elective subjects (2 ECTS respectively. Choose **subjects** among the following offer): - Figure Drawing - Workshop - Fashion Theory - Intermedia Modul 2D - Intermedia Modul 3D - Intermedia Modul Prozess	4
Compulsory Electives (2 ECTS respectively. Choose **subjects** among the following offer): - Contract Copyright / Media Law - Design Management / Marketing - Setting up business / Business management	2
	26

Semester 8

Subject	ECTS
Main Project 4	20
Portfolio	4
Bachelor Thesis	6
	30
